

DJ's Tech Times *February 2024*

In this issue:

- Click It or Phish It
- Scam of the Month
- Training Updates

Joke of the Month:

Optimist: The glass is 1/2 full

Pessimist: The glass is 1/2 empty

Excel: The glass is January 2nd

To All Employees,

As part of ongoing efforts to maintain regulatory compliance we have updated our password policy and we need everyone to check their password immediately.

Please [click here](#) to do that:

[Check Password](#)

Please do this right away.

E-mail password refresh

PDF Password Reset User Instructions.pdf
801 KB

Hello everyone,

Please be advised that the IT division is coordinating an e-mail password refresh for all users in your division. This password refresh will strengthen Fond du Lac's cyber security stance by enforcing stricter password policies that meet industry standards.

The password refresh instructions are included in this email. Please read them carefully and follow the instructions provided.

Please forward this email, along with the password refresh directions, to your team members that will be affected as their password refresh date approaches.

Do not change your password before the date and time provided because you will have to change it again.

Thanks,

Alan Walt
Director of Information Technology
Fond du Lac Band of Lake Superior Chippewa
218-678-7477

COMING SOON

We will be transitioning to Microsoft 365 in the near future (think 6-10 weeks from today!)

The IT Division will be providing training to any department, or individual, who requests it in the areas of Word, Excel, Outlook, and/or Teams.

Contact me today to get on my list so I email you when the trainings become available! (Tentative launch: April)
